CHINESE AGAIN APPEAL TO UNITED STATES

Washington, July 5.—The Chinese Government has appealed to the Government of the United States to use its good offices to cause the allied powers who still retain their soldiers in Tientsin to evacuate that place in conformity with the spirit of the agreement of Peking, which settled the Boxer troubles. The appeal was made today by Minister Yuan Shih-Kai of Chi-li, which the Minister supplemented by a long verbal explanation. The cablegram is as follows:

"Translation of a cablegram received July 4, 1902 (fifth moon, 29th day).
"From Viceroy Yuan Shih-Kai of Chi-li, dated July 3, 1902 (fifth moon, 28th day).
"Your cablegram of July 2 received with much gratification. In the final protocol signed by the different powers there is no stipulation that a supplementary convention will be made in regard to the restoration of Tientsin, but the foreign military officers at Tientsin have arbitrarily given rise to fresh complications and drawn up many articles limiting to 300 the number of Chinese guards to be stationed at Tientsin within the limit of thirty kilometers. Since the brigands in the vicinity of the arsenals in 1900, are generally well armed, it would be impossible for such a small force to suppress and punish brigandage, much less can it police the city and vicinity and preserve order generally. The military officers appear to be willing to restore the city but in reality they wish to delay. There is reason to fear that their action is not by any means for the public good. The foreign Ministers at Peking do not approve their action, and they have repeatedly remonstrated with them; but the military officers have not been willing to come to an agreement. The Ministers and the military officers each hold to their own opinions, which greatly impede the progress of our affairs. I request you to ask the Government of the United States to consult with the other governments so that instructions may be sent to the different military officers direct ordering them to accede to the suggestions of the foreign Ministers, to the end that the restoration may not be further delayed.
"The author of this message, Yuan Shih-Kai, has taken the place of the late Li Hung Chang to a large extent in dominating Chinese policies, and the United States Government is the more disposed to heed his appeal because of his excellent conduct during the Boxer uprising. He was the principal means of communication between the outside governments and the legations during their time of peril and but for his strength of character the entire province of Shantung would have been drawn over to the Boxer cause.
"Secretary Hay will address himself to the various governments, probably through Mr. Conner at Peking and the foreign Ministers there. The situation at Tientsin is peculiar, and in the view of the State Department the attitude of the foreign military officials there is perfectly unreasonable. The State Department has satisfied itself that the foreign Ministers at Peking whose governments are represented by these military leaders are thoroughly anxious to have the treaty of Peking executed in a fair spirit, and to that end to have Tientsin evacuated at the earliest possible moment by the foreign officers, so it will carry the Chinese appeal to the governments concerned."

BIG STRIKE THREATENED HOME FOR INDIGENT ELKS

Chicago, July 6.—Nine thousand freight handlers, the working force almost in its entirety of the freight houses of the twenty-six railroads centering in Chicago, will go on strike within forty-eight hours unless a wage scale which means an advance of 20 per cent submitted by the union, is accepted by the managers of the various roads. It is extremely probable that an ultimatum will be given to the roads tomorrow morning and the walkout ordered immediately if the managers do not acquiesce. The six roads offering a graded scale are the Chicago and Northwestern, Baltimore and Ohio, Chicago Terminal Transfer Company, Chicago and Northwestern, Rock Island and Grand Trunk.

According to President Curran's statement, the roads will not be compelled to treat directly with the union. All that is expected is that they yield to the demand for the precise advance specified in the union's scale of wages submitted several days ago. The decision of the executive board provides for calling a strike at any time within forty-eight hours. The determination is that there shall be no delay after that time.

The wage scale adopted by the Freight Handlers' Union was presented to the railroad managers on June 25 and the employers given until 11 o'clock on July 1 to make answer. During the last hours of grace the men working in the freight houses received a direct response, offering to compromise by an increase in salary.

They declined to treat with the employers and insisted that union officers be dealt with directly. Thereupon six of the roads sent their scale to the office of President Curran, but the others made no effort to treat with the organization. The strike would paralyze traffic in and out of Chicago.

GRAND DUKE IN JAPAN

Tokio, Japan, July 4.—Grand Duke Cyril of Russia, cousin of the Czar, has been accorded an imposing reception on the occasion of his visit here. The newspapers are discussing its significance, and insist that the objects of Russia and the allied powers (Great Britain and Japan) are identical, namely, the preservation of peace and the promotion of the commerce of the Orient, and that Russia and Japan are especially drawn together by the identity of their commercial and industrial interests.

Guthrie, O. T., July 4.—Rafael Romero, who served as a scout in the Indian wars under General Miles, General Phil Sheridan, died yesterday in his Indian camp near El Reno. He was a member of the Second Colorado Cavalry in the Civil War and was honorably discharged. A native of Mexico, he joined the Indians, and all his life was passed with them, conversing in Arapaho, Comanche, Kiowa, Cheyenne, Ojibwa and Apache languages. He was with Miles and Lawton in their long journey after Geronimo, the Apache chief.

WILL FIGHT TRUSTS

ROOSEVELT GOING AFTER COMBINATIONS OF CAPITAL

Littlefield of Maine Will Lead the Fight in Congress—Conferences are Now Being Held to Frame Law.

Oyster Bay, July 5.—It has been ascertained that the President's speech yesterday in reference to the trusts was merely a forerunner of determined efforts by him to have Congress take up that subject and enact definite legislation at its next session for the control or supervision of the trusts.

Recently the President and Attorney General Knox had a conference with Congressman Littlefield of Maine, at which Littlefield was invited to prepare a bill for the regulation and control of the trusts that will go before Congress with the indorsement and influence of the President back of it. The bill will be submitted at the beginning of the next session, but before that is done the President, Attorney General Knox and Littlefield will have frequent conferences as to the details.

In addition to this prepared action, the President is going to talk upon the trusts question a good deal on the several trips to be made by him in the fall.

He has announced to his friends that the question is a vital one and that he proposes to push it vigorously until some action is taken by Congress.

ANDREE WAS MURDERED

Winnipeg, Manitoba, July 5.—Rev. Dr. Ferlie, a Church of England clergyman, arrived from New York City, Northwest Territory, today and brings authentic information of the fate of the explorer Andree and his companions. Two years ago, 1890 miles north of York, a party of Esquimaux, under the leadership of "Old Husky," saw the Andree balloon alight on a plain of snow in that vicinity, which is about two miles north of Fort Churchill. Three men emerged from the balloon, and some of Husky's people approached out of curiosity. As they did so one of Andree's companions fired off a gun.

This is the signal to uncivilized people for battle. It is regarded as a challenge, and almost instantly the natives fell upon the three explorers and massacred them. Everything pertaining to their outfit was carried away to the homes of the natives on the northern borders of the Arctic region.

"Old Husky" himself gave this information to Ralph Adams, agent for the Hudson Bay Company, and the story, after being investigated by Dr. Ferlie, was told by him today. He says that there is little room for doubt, as frequent reports have since come of strange implements which the northern natives have in their possession, a telescope being particularly described.

COLOMBIA SETS PRICE

Washington, July 4.—Negotiations for the treaty between the United States and Colombia, by which we will acquire the right to build the Panama canal, will begin in about one week, Minister Concha of Colombia having conferred with Secretary Hay. Mr. Hay will not be in the city for the next few days and on his return the negotiations will begin. Minister Concha has been fully clothed with authority to proceed with the treaty. The main features of the treaty are pretty well settled, as the protocol signed some time ago was quite full in setting forth the prospective arrangement in case Congress acted favorably on the Panama route.

The amount to be paid Colombia for a relinquishment of exclusive rights to the United States will be \$7,000,000 in gold, payable on the exchange of ratifications of the treaty, and in addition Colombia is to receive an annuity at the end of fourteen years, to be determined by mutual agreement at that time. This annuity is expected to be \$600,000 a year.

Washington, July 7.—It is learned here that the Colombian Government has rejected the counter proposals made by Vargas Santos, one of the rebel leaders, in response to the proposals of the Government offering a general amnesty to persons who have taken an active part in the rebellion on condition that they surrender and cease further hostilities. These counter propositions were submitted to Colombia through Minister Concha at this capital. They contemplated the assumption by Colombia of the debts incurred by Santos to foreign countries to carry on the revolution and the appointment of Liberal governors for four different parts of the republic.
